

About Jenny Sliker

Jenny first came to Jubilee! in 2006 after an online search for non-traditional churches! She knew very soon after walking through the doors at 46 Wall Street that this was her new spiritual home. In over 40 years of metaphysical study, she's journeyed many rivers, including Christian Science, evangelical Christianity, Celtic spiritual traditions, Peruvian Q'ero wisdom, A Course in Miracles and Creation Spirituality. During her 5 years as an active Jubilant, she was in the Singers, the Players, helped with a couple of the diva concerts and cosmic masses, and served on the committee that brought Matthew Fox and the CS conference to Jubilee! a few years back. She is a mesa carrier and a firekeeper, and traces her lineage back to the Celts, the Germanic tribes and the Scandinavian Saami. She's a snowbird, and resides between Minnesota and South Carolina with her children, 5 grandchildren and her husband Tom of 43 years.
